**MESH APERTURE:** 150 x 50mm with Safetop fold top & bottom

**WIRE DIAMETER:** 5mm horizontal, 5mm vertical.

**FINISH:** Galvanised and polyester powder coated to BS EN 13438 in a range of colours to suit your individual requirements.

FENCE Ht (m)	POST SECTION	NUMBER OF FIXINGS
0.9	60x60	3
1.20	60x60	4
1.50	60x60	4
1.80	60x60	4

**APPLICATION:** NK Ibex Safetop is a general purpose fencing system for boundary demarcation and aesthetic perimeters. Widely used in the commercial and public construction sectors by building contractors, and especially suited to parks, playgrounds and schools due to it's low impalement risk design.

\* All dimensions represent nominal values.

**KEY FEATURES:** NK Ibex Safetop is constructed from folded rigid mesh panels with 5mm horizontal and 5mm vertical wires, securely fixed to posts at mutiple points using NK clip type 008 & NK M8 tamper-resistant bolts. All panels have Safetop folds top and bottom, which eliminates impalement risks from short wire protrusions. Installation of all fencing is subject to site specific risk assessments and NK recommends due regard should be given to nearby aids to scaling or natural overhangs.

**OPTIONAL EXTRAS:** NK Ibex Safetop slotted clampbar fixings.
