## **GENERAL SPECIFICATIONS**

NK Palisec is a Palisade Fencing System available with a wide range of single and double gates spanning widths up to 12m wide, complete with NK adjustable hinges and NK latch arrangement.

Security Toppings are also available to complement your fencing system and further augment the security level. Systems include Topspike Spinners, Raptor Spinners, Barbed Wire and Razor Coils.

Other fencing accessories are available to suit circumstances where additional security measures are required.

KEY FEATURES: NK Palisec is ideal for providing the reliable security you require, and help deter against the increasing level of crime and vandalism experienced within communities. NK's 'welded' panel offers the optimum security level having the pales fully welded to the rails prior to surface finishing. This option guarantees additional strength, security and speed of installation, when compared to the conventional bolted systems.

Currently specified with Local Authorities, Educational Boards, Public Transport and Utility Boards.

## **RELATED PRODUCTS**

SWINGING AND SLIDING GATES: Single and Double Leaf Swinging and Sliding Gates are available in a range of standard widths to suit your individual requirements, either with manual or automated control.

SAFETY GATES: NK Self Closing single leaf gate (see specific brochure).
